During the year we did science experiments, were creative in art, music and computers. We went on two excursions, did cooking and developed skills to do sport activities. We used ‘hands on’ materials to understand mathematical concepts and practiced reading and writing daily to improve our skills. Wow!

Happy Easter

Talking and listening in news groups.

Playing Twister

Aboriginal dot painting

The energy traces of a marble moving in paint

2010 Year of the Tiger

Testing two types of xylophones

Playing instruments is fun. We keep to the beat of the music.
