We have had our first lessons in Whalan’s Stephanie Alexander Kitchen Garden. We have learned about the things plants need to survive and we have planted our first seeds.

In 2/3V, we have worked extremely hard to improve our writing skills. This term we have focussed on writing procedures and explanations.

Our favourite activity is our new Talking & Listening game ‘Elevens’. We need to practise our listening skills and strategically plan who we want to try and get ‘out’ each time. The best thing is when we get Mrs Van Vliet ‘OUT’.

This term we have been learning about the ‘Solar System’. We have learned about the planets and their size and we have really enjoyed making our Solar System models.
