Learning is busy business!!

We have learnt about sound, chemical, light and electrical energy. We conducted experiments and documented our predictions, results and observations in science log books.
At camp this year we learnt...

To have a steady aim

To face our fears

How to fish

We cooked a delicious breakfast in the classroom

We LOVE music, and enjoy playing, listening & learning about different forms of music.

We proved that maths can be FUN at our Mathlympics day!

We talked to Paralympian Basketballer, Sarah Stewart and asked many questions about her career and life.
