My Classroom, My School
Look what great learning KN students have been doing!

We use magnetic letters to make words from our books...

We go on a classroom hunt for letters that we know...

We love reading our story books...

We find and recognise golden words...
KN have also learnt a lot about the farm this term. Here are some of the things we learnt on our excursion to Calmsley Hill City farm…

We learnt how to milk a cow!

We learnt what a tractor is…and even got to ride on one!

We learnt what some farm animals felt like to pat…Corey thought the lamb was soft and fluffy.

We also enjoyed the dog show where we learnt how dogs round up sheep!

What a great term of learning!!!
